

PRO*Taction*

Back to Business. We do our utmost, so that it is only good ideas that are spread around here: with standards for hygiene and infection protection for all our events at the Düsseldorf exhibition grounds – for our exhibitors, visitors, partners and members of staff. All take action to continue to make trade fairs an experience – safely and jointly. **#PROTaction**

MESSE DÜSSELDORF HYGIENE GUIDELINES

FEEL SAFE.

Enough room for everyone. With more than 300,000 m² of exhibition space, spacious entrance and waiting areas, wide aisles and attentive staff.

Fresh breeze for business. And for healthy breathing air. Thanks to high-performance airhandling systems across the entire exhibition premises and – where needed – with natural air flow inside the halls.

Effective infection protection. Sanitiser dispensers located in our entrances, halls, hall transitions and toilet facilities are ready for frequent use. And highly exposed surfaces are regularly cleaned and disinfected for you.

First aid. Our medical service at every trade fair. Highly skilled – and always ready to assist. If you should show cold symptoms, please stay at home for the protection of the community.

Your online ticket, please. Admission tickets are sold online. For you this means: no waiting at the ticket counters, no cash payments.

MESSE DÜSSELDORF HYGIENE GUIDELINES

PLAY YOUR PART TOO.

For everyone's protection: Please wear a medical mask, FFP2 or KN95/N95 mask (no visors or fabric masks) indoor. And although you might not be able to see it, we are smiling at you behind our masks.

Breathe freely. Outdoor and at the seat in catering establishments you can do without your respiratory protection.

By far the best idea. Though we ask you to maintain a distance of 1.5 metres from other trade fair participants, you will still see the latest trends up close and personal.

Networking without physical contact. Even though you might be delighted at seeing other people again or closing a successful business deal – please forego shaking hands and physical contact.

"Bless you." for the sake of yourself and others, please sneeze or cough into the crook of your arm. Even better, do so while maintaining a great distance of least one metre or turning away from others.
